

PROFILE

Recognized expert & thought leader in population health & nutrition. A champion of systems' thinking. Highly skilled at innovating frameworks to transform processes & leverage technology to maximize effectiveness & outcomes. For 25 years, Dr. El-Kour has delivered progressive strategies integrating & aligning complex humanitarian & development programs & projects on behalf of the United Nations, international, governmental & non-governmental agencies with a behavior change focus. More recently, Dr. El-Kour's technical specialty has evolved to address the changing healthcare & food systems landscape, incorporating media psychology & technology to clinical population health & humanitarian programming to effect regulatory & policy changes & drive population behavior change.
